

New Benefit for NursingCAS Users

Integrated Background Screening from CastleBranch

NursingCAS users can now access the CastleBranch industry leading background screening tools directly within NursingCAS, making the entire application process even more convenient, easy and efficient.

Everything you need. All in one place. Conveniently online.

How it Works

-  Within WebAdMIT admissions portal, administrator requests background check package for students. 
-  WebAdMIT shows "Order Pending" request status. 
-  Student receives email invite for background check order. 
-  Student is directed to CastleBranch account to submit background check order. 
-  Within WebAdMIT, administrators can view real time order status for students. 
-  Under 'Results' within WebAdMIT, administrators can click 'View' to access their CastleBranch account for full results. 

As the exclusive background screening provider for NursingCAS, CastleBranch provides users:

- Customizable background screening options
- Real time background check order status
- Convenience and ease of use

As the exclusive background screening and compliance management company for AACN, CastleBranch works with more than two-thirds of AACN member schools, as well as nearly two-thirds of colleges and universities nationwide.

Industry leading solutions include:

Background Checks | Drug Testing | Immunization Record Tracking | Document Management | Fingerprinting
